GREEN TEA

AMENITIES FEATURING GREEN TEA

ZENSPA. Natural skin care. Your customers deserve the best.

The ZEN SPA "Green Tea" throw-away cosmetics collection uses natural ingredients rich in antioxidants such as green tea (*Camelia sinensis*).

Green tea also acts as a natural anti-inflammatory and has soothing properties as well. It is an excellent antiseptic and alleviates puffiness, burning and itching.

It protects the skin not only by softening and healing but also

helps reverse the damage caused by harmful sunrays which is why it is increasingly being added to all types of cosmetics.

The "Green Tea" ZEN SPA collection contains no preservatives of the paraben family (methylparaben, ethylparaben, butylparaben, propylparaben) and features considerably less plastic packaging thus making it more environmentally friendly.

Your customers will be grateful.
